SUMMARY

Motivated Artificial Intelligence and Machine Learning student with strong foundations in software development, machine learning, deep learning, Generative AI, NLP, cloud computing, and full-stack development. Experienced educational leader with a proven track record in teaching, administration, and event management. Seeking opportunities to leverage technical expertise and leadership skills to build innovative, impactful solutions while contributing to technological innovation and organizational growth.

EDUCATION

Rungta College of Engineering & Technology

B.Tech. (Artificial Intelligence & Machine Learning by IBM), University: Rungta International Skill University, (2025-2029)
CGPA 9.36

IIT Madras

B.S. (Artificial Intelligence & Data Science), University: IIT Madras, (2025-2029)
CGPA: 8.6

Swami Vivekanand College of Education

D.El.Ed. (Teacher Training), University: Board of Secondary Education, Madhya Pradesh, Percentage: 89.9% (2022-2024)

PROJECTS

CamBill POS | Technologies: React.js, TypeScript, Python, Flask, SQL, Tailwind CSS, Electron

- Developed a desktop Point of Sale (POS) system for camera and electronics retailers.
- Implemented inventory management, billing, authentication, and reporting modules.
- Designed secure Electron + React + Flask architecture.
- Successfully deployed in a live retail store environment.
- Outcome: Reduced manual billing errors and streamlined inventory operations through automation.

SkySense Pro | Technologies: HTML, CSS, JavaScript, Weather API

- Developed a responsive weather dashboard with real-time forecasts.
- Integrated weather APIs and dynamic UI components.
- Implemented weather-based animations and adaptive interfaces.
- Outcome: Delivered accurate weather insights through an interactive user experience.

RozgaarSetu – Empowering India's Workforce | Technologies: React.js, Node.js, Express.js, PostgreSQL, Docker, Python

- Developed a hyperlocal job and gig marketplace.
- Built scalable REST APIs and secure authentication systems.
- Integrated AI-powered job matching and recommendation features.
- Designed cloud-ready deployment architecture.
- Outcome: Improved accessibility to employment opportunities and workforce engagement.

TECHNICAL SKILLS

C	C++	Java	Python	JavaScript
TypeScript	Machine Learning	Deep Learning	Generative	TensorFlow
Scikit-learn	React.js	Flask	Node.js	Express.js
Tailwind CSS	Electron	Git & GitHub	Docker	AWS
Google Cloud	VS Code	Visual Studio	Figma	MySQL
PostgreSQL	Android Studio	DBMS		

CERTIFICATIONS

Java Fundamentals – IBM

Object-Oriented Programming in Java – IBM

Java (Basic) Certificate – HackerRank

Programming in C – University of Michigan

Data Science and Analytics – HP LIFE

AI for Beginners – HP LIFE

Calculus for Machine Learning and Data Science – DeepLearning.AI

Computer Organization & Architecture – IBM

Object-Oriented Programming in Java – Coursera

Software Engineer Certificate – HackerRank

Problem Solving (Basic) – HackerRank

C Programming Certificate – TestDome

HTML, CSS & JavaScript Fundamentals – IBM

CODING PROFILES

- LeetCode: 46+ Problems Solved
- Codeforces: 110+ Problems Solved
- HackerRank: Software Engineer, Java (Basic), Problem Solving (Basic)
- GitHub: Active Project Development and Open-Source Contributions

ACHIEVEMENTS

- Developed and deployed CamBill POS in a live retail environment.
- 5 years of professional educational leadership experience.
- Organized and managed multiple academic and cultural programs.
- Participated in Google Cloud Digital Campus 2.0 HackSprint.
- Earned 15+ professional certifications.
- Solved 110+ Codeforces problems.
- Solved 46+ LeetCode problems.
- Active participant in competitive programming.
- Contributed to social welfare initiatives through blood donation activities.

POSITIONS OF RESPONSIBILITY

- Principal, VISWA BHARTI MISSION SCHOOL (2021–2024)
- Head Teacher, VISWA BHARTI MISSION SCHOOL (2019–2021)
- Event Organizer and Coordinator
- Team Leader for educational and social development programs

SOFT SKILL

- **Leadership & Team Management** – Led school administration, teams, and cultural events as Principal
- **Communication** – Effectively conveys complex technical and academic concepts to diverse audiences.
- **Problem-Solving** – Approaches challenges analytically with a focus on practical, real-world solutions.
- **Adaptability** – Successfully transitioned from education leadership into AI/ML engineering.
- **Time Management** – Balances dual-degree programs while actively developing projects and earning certifications.
- **Collaboration** – Works effectively in team environments and open-source communities.
- **Creativity & Innovation** – Designs impactful solutions like CamBill POS and RozgaarSetu addressing real-world needs.
